### **Reasons for application refusal or rejection**

Below is a list of potential reasons for an officer refusing/rejecting an application - it is not an exhaustive list but provides key reasons.

- The application does not meet the [mandatory requirements](#)
- The application is not complete.
- Further information requested for an application has not been received in good time and no communication has been received from the applicant.
- The application does not meet with [SCC's Strategic City Plan](#) or the Key [Priorities](#) of the City Council.
- Such an application would set an unfair or unsustainable precedent to future applications of a similar nature.
- The project is too high risk for public funds and/or not good value for money
- The business case/budget, if presented, is considered flawed or unsustainable.
- SCC has awarded the allocated annual grant budget if full, and there are no identified reserves/contingency which it wishes to use.
- Any other relevant reason(s) which are considered significant to warrant refusal to safeguard SCC and local public funds.
- An application will be automatically refused with no right of appeal right if it is an application for the same or similar to a previously refused application and been submitted within 12 months following the refusal (same applicant/organisation etc.).

### **Appeals Procedure**

The appeals procedure is only available to applicants in the initial stages of the process when an officer has issued an [Officer Refusal Notice](#). The applicant has 30 days from the Date of the Notice to appeal.

To appeal the applicant needs to do the following:

- Response in full to any observations made to the satisfaction of the officer and provide information required.
- Set out why the appeal should be agreed

The Officer will submit valid appeals to the Chairman of the CWG/Finance and Governance Committee for approval to grant the appeal and so progress the application to Committee or CWG, OR to refuse the appeal.

If an application:-

- Is unsuccessful
- Is not called in
- Is refused on appeal
- Is not appealed within the deadline set or
- Has been turned down by members at a previous meeting or
- A grant or Rent Reduction Subsidy has been withdrawn

then the applicant cannot re-apply for the same or similar project/grant for a period of not less than 12 months from the date expiration of the 30 days appeal deadline or date of the final decision notice from an officer, the CWG, or the F&G Committee.

If a grant be re-applied for which is a similar or same request to that which is under the 12 month embargo, it will be automatically refused.

### Further Information

1. In most cases, if a grant has been successful in the past, then there will be a limit to the number of times the same or similar grant can be requested again.
2. If an organisation is successful in obtaining a Minor or Major Grant in one financial year, it is unlikely it will receive another grant for a period of not less than 23 months, except in exceptional circumstances.
3. It is a condition of any grant application that the group or project must bring direct benefit to the residents of Salisbury. All applications must clearly demonstrate how this will be achieved in their application form.
4. Application forms **must** be submitted along with the latest set of the group's accounts which must include full details concerning the organisation's reserves if held. It is important that all questions on the application form are fully answered and that any appropriate additional information, which supports an application, is provided at the time of the submission.
5. Grant applications cannot be submitted retrospectively.
6. The Medium Community Grant scheme provides start-up awards for new organisations as well as grants for existing organisations. Applications will be considered for day-to-day running expenses and individual projects – full details must be provided in the application form.
7. Applications from religious & faith groups will be considered where a clear benefit to the wider community of Salisbury can be demonstrated, irrespective of their religious beliefs. Compliance with this requirement will need to be demonstrated throughout the project.

8. Grants must only be used for the purpose for which it was awarded unless written approval of SCC has been obtained in advance. The Council reserves the right to reclaim the grant if prior approval is not sought.
9. Any unspent portion of the grant must be returned to SCC within 12 months of when the grant was awarded to the applicant.
10. Although SCC's Community Team will support applicants, the administration of and accounting for any grant or subsidy shall be the responsibility of the recipient.
11. SCC reserves the right to request any further information that it deems necessary to assist the decision making process.
12. Awards made for projects seeking additional funding from other sources will be made available once **all** other funding is secured and will be available for 12 months from the date the request was approved (unless otherwise determined by SCC).
13. If the grant cannot be spent within 12 months from the award, a Grant Renewal Request must be submitted in writing to the Communities Team. This must give a full update, reasons for any delays, and details of the short, medium and long term project plans. This request will be considered by the CWG and where appropriate the F&G Committee.
14. Awards may be subject to additional conditions and requirements as deemed appropriate by the CWG/F&G Committee.
15. The awarding Committee/CWG may award any proportion of the grant/subsidy requested.
16. Grant application forms are available from the Communities Team or the City Council website.

### **Banking Arrangements**

The organisation should have a bank account in its own name with at least two authorised representatives required to sign each cheque. Grant payments will be made by BACS.

### **Deadlines/Timelines**

#### **Successful Grants**

Subject to relevant conditions being in place, successful applicants have 60 days to accept the grant and request the release of the funds before it is automatically re-allocated. An extension can be requested, but this is usually only granted for larger/capital projects. If the funds are automatically re-allocated after 2 months, then the applicant would need to re-apply for the grant, as well as submitting reasons for not drawing down funds within the 60 days/extended time. There is no guarantee that such applications will be successful

#### **Notice of Officer Refusal**

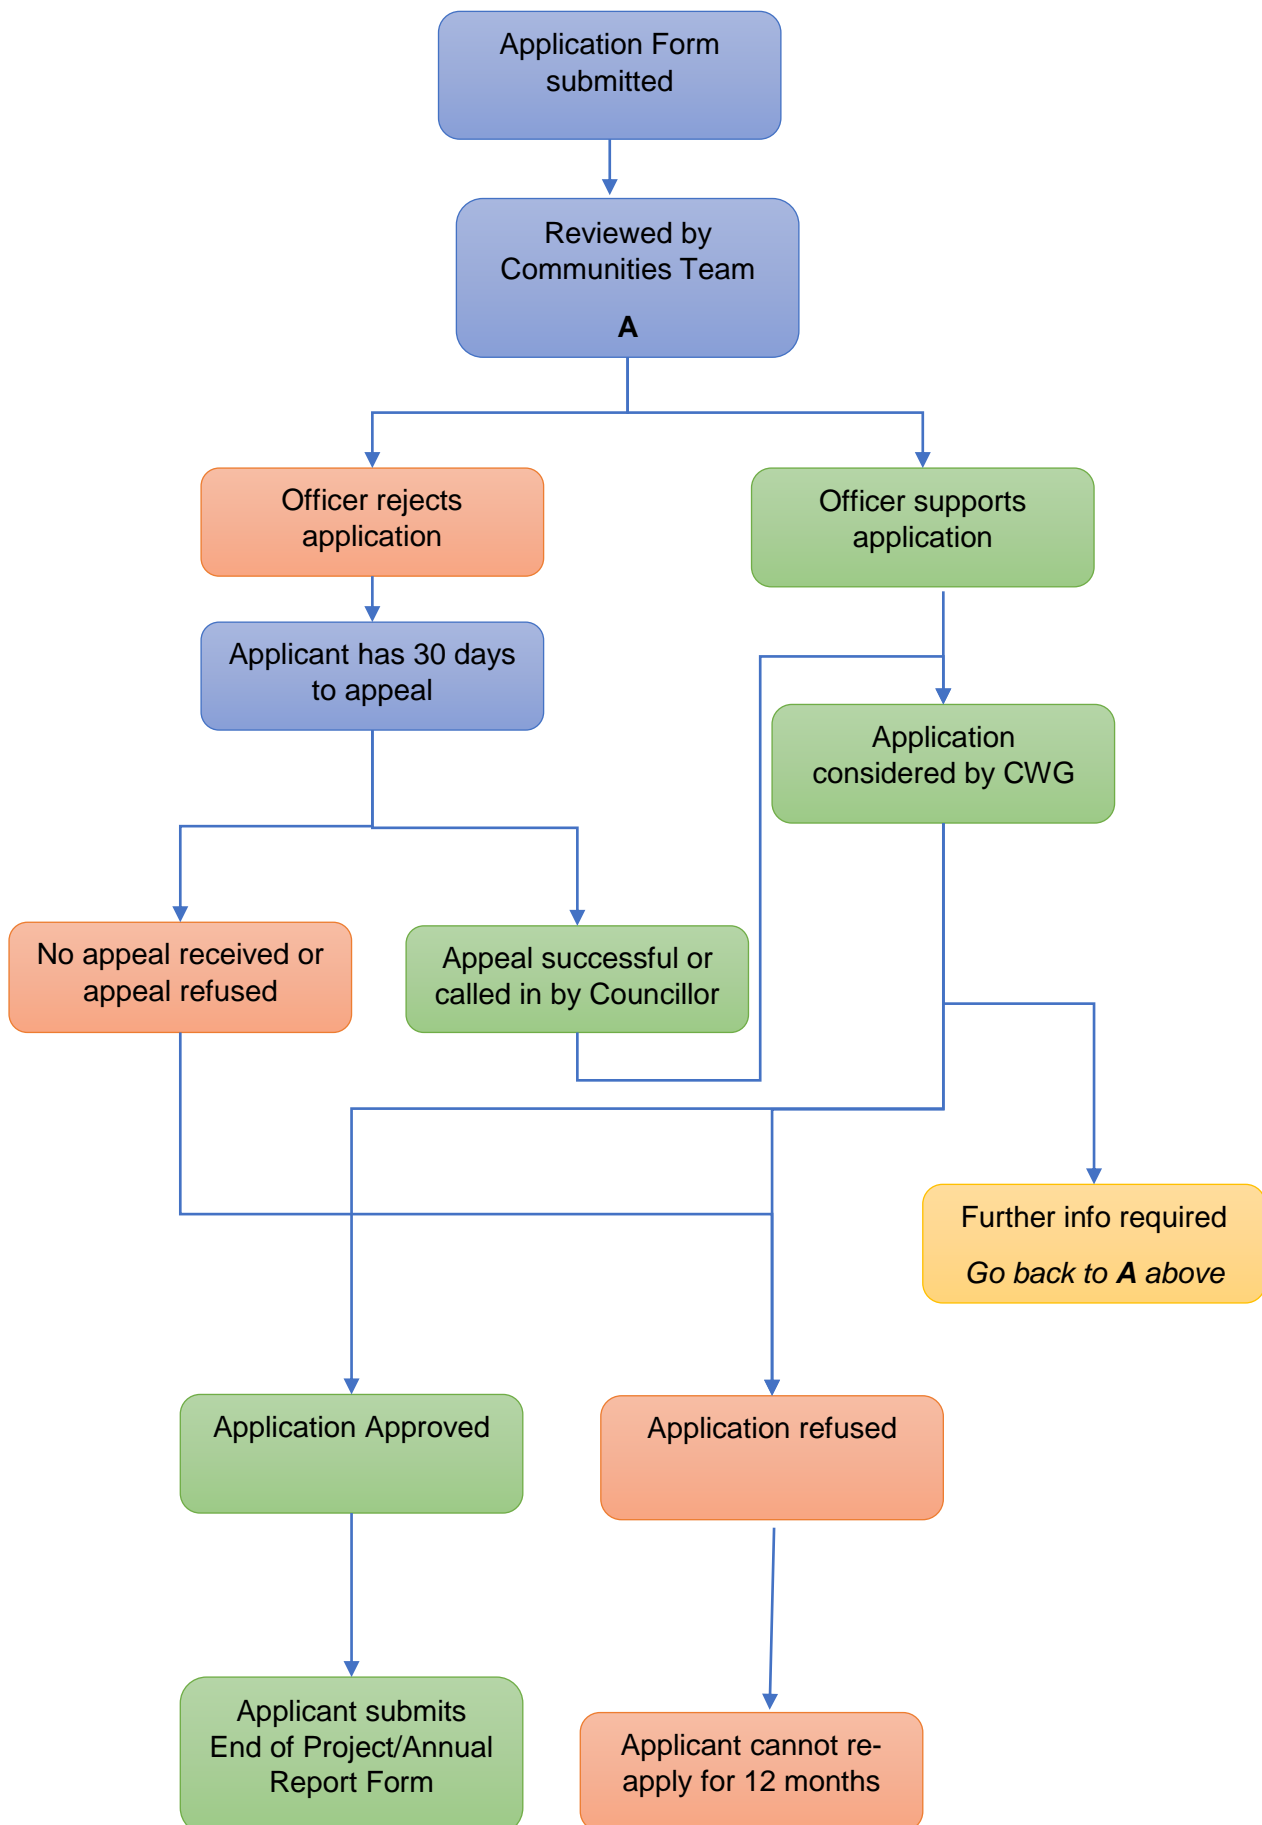

The applicant has 30 days from the date of the Refusal Notice to appeal or for a councillor to call-in the application to a future CWG/F&G Committee meeting

**Application refused by CWG or F&G Committee**

Applicants cannot re-apply for 12 months from the date of the CWG or Finance & Governance Committee meeting at which refusal was agreed.

<b>Project title</b>	People In The Park Event
<b>Description of project - Try to be specific about what you will achieve and how you will achieve it, telling us how your grant or subsidy will benefit your community</b>  (please continue on a separate sheet if necessary)	<p>This event will build on the successful September event which brought together over 20 community groups and organisations including Salisbury City Council with the aim of raising awareness of the need to bring about a sustainable future for the city. The event is also aimed at encouraging greater engagement amongst the young people regarding environmental issues and will promote greater involvement in the democratic process. It is also hoped that this will provide young artists with a platform to showcase their talents. This will be done by doing the following:</p> <ol style="list-style-type: none"> <li>1) Create an uplifting event in Queen Elizabeth Garden where community groups can provide information about their work.</li> <li>2) Provide a two stages with musical entertainment, poetry and educational talks. One of the stages will be dedicated to young people.</li> <li>3) Provide a platform for organisations (including Salisbury City Council) to explain what they are doing to become carbon neutral by 2030</li> <li>4) Encourage visitors to become involved in positive initiatives within their own communities</li> <li>5) To promote Salisbury as being a vibrant attractive community which cares about the future of the City and the environment.</li> </ol> <p>The event will also seek to recognise the good work that has been done by groups and individuals during the Covid 19 Pandemic.</p>
<b>Where in Salisbury will the project / activity take place?</b>	The event will take place in Queen Elizabeth Gardens in Salisbury - The event will include about 25 display stalls and two performance areas with entertainment and talks.
<b>Who will benefit from the project?</b>  <i>Please tell us what groups will benefit and approximately how many people will benefit in total, please give a number, do not put 'everyone in the area' an estimate is fine if you cannot be exact</i>	<p>This event will benefit the following:</p> <ol style="list-style-type: none"> <li>1) The approx 25 community groups or organisations who will be provided with a platform from which to promote their work.</li> <li>2) It is anticipated that the date of the event will coincide with the easing of Covid 19 restrictions. The community will not have been able to access much entertainment or community events during that time. This event will provide a welcome opportunity to celebrate what Salisbury can offer and how it can plan for a more sustainable future.</li> <li>3) The event will also draw people into Salisbury which will be good for shopkeepers and traders who have had such a difficult time over recent months.</li> <li>4) It will provide an outlet for Salisbury based young performers and artists who have also had such a dreadful time during the Covid 19 restrictions</li> </ol>
<b>What evidence do you have that this project/activity is required?</b>	Both Salisbury City Council and Wiltshire Council have acknowledged that there is a climate emergency. There is clearly a need to promote initiatives and ideas that go some way to helping people to do what they can to reduce carbon emissions. The pandemic has had a particularly negative impact on the mental health of young people. This event will provide everybody with something positive to look forward to.

<p><i>Tell us how you have identified the need for the project, whether within your group or community and how you think your project will meet this need</i></p>	<p>STC organised the first People in the Park event in September at short notice. This was well attended despite strict Covid restriction. There is clearly an appetite for this type of event in Salisbury. There is also a need to provide ideas as to how people can lead a more sustainable life. This event will provide useful information on the subject.</p>
<p><b>What support have you received for this project/activities?</b></p> <p><i>Please tell us about any expressions of support you have received from outside your organisation</i></p>	<p>As mentioned above, we have had several community groups who were involved in the September events state that they would like to be involved in a similar but larger event in April 2021. (And the other provisional dates 14th August or 18th September)</p> <p>We are also confident that Wiltshire Creative would also like to be involved again and also hope that Salisbury Council may also like a stand or be able to talk at the event.</p>
<p><b>How will the project/activities be managed and how will you measure its success?</b></p>	<p>We will measure the success of the project by measuring the following:</p> <ol style="list-style-type: none"> <li>1) Number of community groups involved in the event</li> <li>2) Number of young people involved in performances at the event</li> <li>3) Number of people attending the event</li> <li>4) Feedback from those attending - (feedback via social media etc)</li> <li>5) Feedback from stall holders</li> </ol>
<p><b>Please give the timescale and key changes/benefits and objectives for your project/activities, including start date and finish date</b></p> <p><i>These will be used in your end of year/end of project monitoring report for you to report against</i></p>	<p>It is proposed that the event will take place between 10.00 and 20.00 on 24th April 2021 assuming that Covid 19 restrictions are eased sufficiently to allow it to take place. The event will be postponed to either 14th August or the 18th September should it not be possible to hold the event in April. A working group is already in place which will be similar to the team for the September event.</p>

<p><b>What arrangements do you have in place to ensure safeguarding of children and young people</b></p> <p><i>Applicable only if your project involves working with this client group</i></p>	<p>This is a one day event which will have an event management plan which clearly details measures that will be in place for the safeguarding of children.</p>
<p><b>What are the main risks for the success of the project/activity and how will these risks be managed?</b>  <b>E.g. health and safety, financial challenges</b></p>	<p>The main risks are as follows:</p> <ol style="list-style-type: none"> <li>1) The need to postpone or cancel the event due to Covid 19 restrictions</li> <li>2) Poor weather leading to the cancellation/postponement of the event</li> <li>3) An event management plan and risk assessment details other potential risks and measures that will be put in place to mitigate the risks.</li> </ol>
<p><b>If your organisation/group has financial reserves, what is the value of these reserves and for what purpose are they held?</b></p>	<p>Our bank balance presently stands at £4123.85 but we have a £1K commitment to be paid in April to enable the Salisbury Share Shop to get started.</p> <p>Reserves are kept to enable events to be underwritten and to enable the smooth running of STC.</p>

**If your reserves are more than the amount you are requesting, please explain why you are seeking external funding**

Our reserves will not be able to cover the cost of running this event. A proportion of our reserves (about £2000 depending on whether further grant application from Salisbury Area Board is successful) will be used to underwrite the funding of this event.

Please Note: It is proposed that the stage PA equipment, tent and power supply will be provided by All The Kit at a substantial discount so that the event can take place at a relatively cost effective price.

This discount has been provided as the treasurer of STC is Christian Lange who is also one of the Directors of All The Kit. This is being declared to ensure that Salisbury City Council is aware at this stage and can take this potential conflict of interest into consideration.

### **Monitoring and evaluation guidelines:**

Monitoring and evaluation of your project is not just important to us and our residents, but also to your organisation for future planning purposes and possible finding applications.

Being organised to monitor progress from the outset will help you evaluate your work and most importantly, the difference made to your beneficiaries. Focussing on the changes/benefits your project has achieved will help with your report.

Please take time to familiarise yourself with this form and the information you will be required to supply – ensure everyone knows what is required and when the form is to be returned.

Think about what you said the award would be used for and why. If this was for a small project within your organisation you need to report on the changes/benefits of the project itself, not on those of the organisation as a whole.

Changes/benefits should be linked to the aims of the project, though some may be unexpected. Use/adapt your existing systems and information wherever possible. Examples could include questionnaires, feedback forms, recorded observation, interviews, and attendance sheets and so on

### **Here are some examples of the types of information we are looking for**

#### **Example 1**

<b>Purpose for which award was made</b>	Towards refurbishment of the community hall kitchen
<b>Activities</b>	Hall bookings increased 50% Luncheon club for 40 elderly people launched, once a week Toddler group now prepares fresh healthy snacks on the premises for 35 under fours Youth club now teaches 30 teens simple food prep
<b>No of beneficiaries</b>	450
<b>Unexpected outcomes</b>	Five of the volunteers who took part in the project have joined the management committee and further improvements to the hall are being planned and funding sought

## Example 2

<b>Purpose for which award was made</b>	To buy IT equipment for a disability help-line support group
<b>Activities</b>	Two computers purchased and broadband installed New marketing material produced Website designed
<b>Changes/Benefits achieved</b>	Email facility now available in addition to telephone help (now averaging 12 emails per day) Four new volunteers recruited and IT training took place Four existing and four new volunteers gained basic certificates in IT communication skills Website launched to allow signposting to resources outside help-line hours
<b>No of beneficiaries</b>	85 per week on average
<b>Unexpected changes/benefits</b>	Now working in partnership with a recycling project that installs computers, free of charge, into home of people with disability. Recipients identified through helpline Client surveys suggests that we are now helping a wider range of disability needs though email / website for those that find telephone a difficult medium, due to hearing or speech difficulties. This will require additional training for the staff and volunteers for the organisation

## Remember – you have signed a contract with SCC

Non return of the Monitoring and Evaluation form may result in your organisation having to pay Rent to the value of the award unaccounted for and prevent your organisation from applying to the Rent Reduction Scheme in the future.

Here are some general hints and tips regarding managing and returning monitoring on time for any award recipient:

- Share and pass on the monitoring requirements and form with others in your organisation
- Diary return dates for Monitoring and Evaluation forms  
(Check with your Salisbury City contact if unsure)
- If you are unclear about what is expected ASK!
- Put systems and good practices in place to collect quantitative data (things that can be measured numerically) as a matter of course over the award period
- Incorporate required monitoring data into feedback forms completed by your users and volunteers
- Keep copies of all receipts and invoices

- If someone moves in your organisation, hand the requirements over and inform us of the new contact straightaway
- If there are changes to, or problems with your planned activities, talk to your SCC contact before your monitoring is due, don't assume you can use the award for other purposes
- Regard the exercise as a positive one. Lessons learned from monitoring and evaluation can feed into your future strategic plans and other funding applications
- Allow good time for posting the report and take copies of completed monitoring forms for your files before you send them to us
- Focus on the changes/benefits achieved through your activities
- Do not wait to be reminded or chased for monitoring – it may appear unprofessional, and chasing by SCC puts a strain on administrative resources
