

Highways Improvement Request Form

Issue Details

Location of Issue:	Harnham Junction
Community Area:	Salisbury <input type="button" value="v"/>
Parish or Town Council:	Salisbury
Nature of Issue: (Max 600 characters)	
Can something be done please about the lanes on the approach eastwards from the A3094? The right hand lane is marked with a straight on arrow and A338/A354, and the left lane has a left arrow and is marked City and A30. Some drivers commonly take the right lane but then force their way left and take the left turn down Newbridge Road. The latter has two lanes, so to take either of these one should be in the left lane on approach not the right lane. If I want the A30 and not City I would of course take the left lane on approach and continue to the right lane on Newbridge Road.	
How long has it been an issue?	At least 20 years.
What would you like done to resolve this issue? (Max 600 characters)	
Some drivers do not read the signage and think I am in the wrong lane. I have had one accident as a result, and a great deal of hooting and threatening behaviour on many occasions. It needs to be clear that the right lane on approach is not for turning left.	
Have you been in touch with your local Wiltshire Councillor? (Yes/No)	No <input type="button" value="v"/>
