

Request from a showman:

- Whitelegg and Farrell no longer have their helter skelter, and since 2021 they have allowed us to hire out as a floating position and another showman has put their helter skelter on there
- This year they would like to hand back this position so it becomes an SCC floating position permanently
- They have also asked if they can take over one of our floating positions, so it becomes their regular position, in place of the above to put their monster trucks on
- **Officers notes:** The Event Officer has spoken with the Showmens Guild if we chose to, we can take the regular position without his permission as he has not preserved his rights and has given it to us for over 2 years now
- If we allow him to take ownership of the current floating position, we would then have no say and he could transfer/sell to someone else if he wished

2024 Floating Position Applications:
