Issue Details

Location of Issue:	16 Jewell Close, Salisbury, SP1 3HR
Community Area:	Salisbury
Parish or Town Council:	Salisbury City Council
Nature of Issue:	
<p>The customer rang regarding the installation of a new streetlight outside her son's property in Jewell Close Salisbury SP1 3HR. The customer has advised that there is currently no streetlight on Jewell close at this moment in time. She would like the installation of the streetlight as her son is a wheelchair user and needs access to the path in the evenings, this is becoming difficult as there is no streetlight. The customer goes on to say that there is a streetlight in Fusion Walk, but this isn't strong enough to light up the area concerned.</p> <p>Her son also has a key safe for his property, but no one can access the code when it's dark, unless they have a torch. It's just very unsafe for a disabled person who is reliable on their wheelchair, so it's imperative there is a light in the car park area or near the property.</p>
