<b>Community Area:</b>	Salisbury	
<b>Parish or Town Council:</b>	Salisbury City Council	
<b>Nature of Issue:</b>		
<p>The pavements along the Stratford Road in Stratford sub Castle, particularly between Castle Keep and St Lawrence Close, are in a poor condition having been dug-up and patched on numerous occasions. They are now uneven and undulating, with many of the patches breaking-up and crumbling. Consequently, they are a hazard which could cause trips and falls. The pavement on the Western side of the road is in a particularly poor state. Some of the older residents of Stratford sub Castle are consequently finding the pavements difficult to negotiate safely.</p>		
<b>How long has it been an issue?</b>	Two or more years and is getting worse	
<b>What would you like done to resolve this issue?</b>		
<p>The pavements along the Stratford Road between Castle Keep and St Lawrence Close need to be resurfaced, whilst the pavements along the length of Stratford sub Castle need to be surveyed and repaired, as appropriate.</p>
