

SALISBURY CITY COUNCIL

Special Delegation

In accordance with the Council's Standing Orders an urgent decision was taken by councillors in order to secure and commit £95,000 funding from the Wiltshire Police and Crime Commissioner for the provision of city centre wardens. This funding enables the Council to provide a visible city centre enforcement presence to tackle anti-social behaviour.

Due to the Commissioner's short timescales an urgent procurement decision was required ahead of the next meeting of the Finance and Governance Committee, at which it would ordinarily have been considered. As per Standing Orders, the Leaders of the Council and Vice-Chair of the Finance and Governance Committee signed the special delegation procedure form, which is available for inspection by any member of the Council.
