

Highways Improvement Request Form

Issue Details

Location of Issue:	College Street SP1 3AL
Community Area:	Salisbury
Parish or Town Council:	Salisbury City Council
Nature of Issue:	
<p>There has been an increase in traffic going the wrong way on this one-way street over recent years. This is from the junction of the access road to College Street carpark up to the junction with Estcourt Road.</p> <p>There used to be the odd vehicle but probably since the end of the pandemic there has been a steady increase to several times a day, every day.</p> <p>After several encounters with motorists there seems to be a fairly even split between people following satnavs giving the wrong information and people under time pressure, trying to take a shortcut.</p>	
How long has it been an issue?	3 years
What would you like done to resolve this issue?	
<p>No entry signage at the College Street Access Road junction and painted on the road surface. As this is a wide junction I'm not convinced just red No Entry signs on either side would be enough to stop people, and think painted road markings would make this more effective.</p>	
Have you been in touch with your local Wiltshire Councillor?	Yes
