

Highways Improvement Request Form

Issue Details

Location of Issue:	Harnham Community Sports and Social Club, Parsonage Green, SP2 8LA
Community Area:	Salisbury
Parish or Town Council:	Salisbury City Council
Nature of Issue:	
<p>I am one of the organisers of Salisbury Folk Club who use the social club one evening a month (since we started last March) throughout the year.</p> <p>The social club have been very supportive of us however we have received a number of complaints from folk club members about the state of the travelled access road to the club. The complaints are about the number and size of potholes as well as the lack of lighting.</p> <p>In addition we have had to advise Salisbury Information Centre (who stock leaflets for the club) that the access road isn't suitable for mobility scooters because of the potholes. In fact the potholes are so bad we're not sure how long it will continue to be suitable for vehicles.</p>	
How long has it been an issue?	Since March 2025 but getting progressively worse
What would you like done to resolve this issue?	
<p>We would ideally like the road to be tarmacked as pothole filling is not a long term solution. However at the very least the ever enlarging potholes need to be filled asap</p> <p>With regard to the lighting, is there anything that can be done to provide some lights on this road</p>	
Have you been in touch with your local Wiltshire Councillor?	Yes
