| Community Area: | Salisbury |
| Parish or Town Council: | Salisbury City Council – St Paul's Ward |
| Nature of Issue: | |
| <p>Extend current double yellow lines along the narrow section of Longland (opposite house 15-18) to prevent the road and driveways being blocked</p> <p>This Highways Improvement Request is submitted following discussions with my Local Salisbury City and Wiltshire Councillor.</p> <p>Longland is an unusual cul-de-sac that runs south off Wilton Road to terminate at the railway tracks. At the northern end it is only a single car width and double yellow lines are painted on both sides of the road. The southern end of the road is equally narrow. There is currently a short 2-3 meter section of double yellow lines on this part of the road opposite Number 17 but this restriction does not extend far enough. The lack of parking restrictions means numerous vehicles park on this stretch of road which is so narrow that residents cannot access their own driveways. Additionally parked vehicles prevent access by emergency services. Vehicles driving on the pavement risk damaging the local fibre optic hub and/or the telegraph pole.</p> <p>I have consulted with my neighbours and we request that the current double yellow lines be extended alongside Number 77 and opposite 15-18 Longland to prevent vehicles parking opposite our houses and blocking our driveways.</p> | |
| How long has it been an issue? | Many years |
| What would you like done to resolve this issue? | |
| <p>It is requested that that the current double yellow lines be extended alongside the length of Number 77 Longland and opposite 15-18 Longland to prevent vehicles parking opposite our houses and blocking our driveways.</p> | |
| Have you been in touch with your local Wiltshire Councillor? | Yes |

This request has my full support. It is hard to understand why the current double yellow lines do not extend for the full length of this very narrow section of road. I have personally witnessed the difficulties caused by vehicles parked along this stretch of road. The double yellow lines should be extended as requested. **Cllr Chris Taylor**
