

Notice of Motion - NM60

Councillor initiating: Cllrs Corbin and Bayliss

Committee: Full Council

Date of meeting: 10 November 2025

This joint motion gives guidance and structure for officers to cost out and implement a sustainable community toilet scheme to complement the seven other council toilet sites.

1. We instruct officers to discuss with the Chamber of Commerce and Salisbury BID to determine which businesses would be interested in taking part in the scheme.
2. We allocate up to £5000 to assist with this pilot scheme, funded from the CEO's contingency.
3. Any developments will be reported back to Full Council and strategic partners by officers.
